

Thank you for submitting proof of vaccination

Team member,

We hope this note finds you healthy, safe and well. As we embark on the New Year, we want to say thank you for getting vaccinated and submitting your proof of vaccination. The health and safety of our team members remains our top priority and your decision to get vaccinated will help to ensure we maintain a safer workplace and operation for our team and customers.

Beginning the week of Jan. 17, we will be requiring all unvaccinated team members, including those with an approved accommodation, to complete a weekly self-health declaration, practice social distancing when possible, and wear a mask at all times, except when outside and social distancing can be maintained. Flight crews will continue to follow current flight deck mask protocols.

As we have done throughout the pandemic, we will continue to monitor COVID-19 case rates and evaluate the guidance from medical experts and regulatory bodies as conditions evolve.

Please continue to keep your health top of mind and practice COVID-19 safety and well-being measures. We must all stay vigilant and safe while at work and at home. It's our shared responsibility and a commitment we all must make to each other.

With the omicron variant of COVID-19 spreading throughout the world, we strongly encourage you to get a booster shot once you're eligible. You can visit [cvs.com](https://www.cvs.com) or [vaccines.gov](https://www.vaccines.gov) to find a vaccine site near you and register for the booster.

Thank you for doing your part to take care of yourself, your colleagues and our customers.

The People Team
