RE: LGA Co- Location Plan

Members,

This notice is to inform you that through recent meetings held with upper management at LGA, the following information has been provided to your Local Leadership pertaining to a Co-Location Plan. As communicated in the past, the JCBA when completed will bring many changes and challenges to us. The Cross-Utilization Agreement has already tested our Union in many ways, but together with as much moral fiber as possible we can navigate through all the challenges in solidarity.

In September 2017, you will start receiving more information and see the changes that are coming our way, such as our Gate 10 Breakroom will be under construction along with our De-icing room which we the TWU will no longer have access to. The Co-Location Plan is scheduled for November 10, 2017. In an effort to bring American (LAA/LUS) closer together and operate as efficient as possible, in the next few weeks we will be dealing with a future Operating footprint, Operating Strategy, Operating Schedule and training issues.

To update you with one of the major changes, LUS will be moving ALL of their current scheduled Departures to LAA bag room "C" to be worked by LUS/IAM employees. Our LAA-MIA Flights will ALL be moved to bag room "B" to be worked by LAA/TWU employees. This bag room layout will bring a congestion like we have never seen before. We have discussed additional FT headcount at LGA in order to prepare and provide the best and safest possible working conditions. When it comes down to more detailed information on this topic, it is recommended that our members attend our next membership meetings to discuss scheduled departures, mainline, Regional and gate information.

We will also have badge in clock information, locker room information, breakroom information and training information. The next few months will be very important for us moving forward as a Union and the more accurately informed and involved our members are the Stronger we will be. Please do not spread or listen to rumors on the field and see your Local Officers or attend your membership meeting for the most accurate and up to date information.

"Your Continued Support is Appreciated and Needed"

"ONE UNION – ONE FIGHT"

Fraternally,

Victor J. Gonzalez

President, TWU Local 501
